IN JUST 11 YEARS..

FC United of Manchester has become one of the most talked about non-league clubs in football, generating regional, national and worldwide interest. Our website receives more than 12 million hits each year, we have 65,000 followers on Twitter and nearly 1 million 'likes' on Facebook.

FC is democratically owned and run by in excess of 5,000 members, a club with one voice and one principle goal – to give football back to the supporters and the community.

With a wide range of sponsorship, promotional and advertising opportunities structured to suit a variety of needs and budgets - we offer a unique opportunity for business, organisations and individuals to support our aspirations.

These include expanding our community initiatives and outreach programmes, and assisting our ambitious plans to develop our very own brand new community stadium Broadhurst Park in Moston, North Manchester.

Broadhurst Park is the UK's newest football ground and the first new ground to be built and funded by a supporter-owned football club. It is a 4,400 capacity ground with a stunning function room overlooking the pitch available for the local community, businesses and other organisations to hire.
